Your application under the Government Information (Public Access) Act 2009 (GIPA Act), has been received.

GIPA Application Number: GIPAA-2026-1077028

Applying for: For yourself

Applying as: Individual

Applicant Type: Member of the Public

Title: Mr

First Name: anthony

Last Name: smith

Middle Name: lawrence

Email: [REDACTED]

Date of Birth: [REDACTED]

Applicant Known by Other names: Yes

Previous Name 1: Tony Smith

Address: [REDACTED]

Postal Address: [REDACTED]

Postal Address: [REDACTED]

Purpose of Application: Personal Interest

Category: Personal Information

Request Description: This application seeks NSW Police operational records relating to the contact made by Officer 'Brendan' (extension 40027) from the Kings Cross Proactive Crime Team with Queensland Health beginning on 25 June 2025 (phone referral followed by email at 10:53 AM the same day) and continuing on 27 June (follow-up email at 10:02 AM admitting motive to respond to federal ministerial complaints), the underlying briefing prepared at Kings Cross Police Area Command and the supporting electronic activity records. This application is made in addition and in parallel with a separate application to the Office of the Minister for Police for ministerial-side records concerning the same chain of events. I have routed these parts separately because NSW Police previously denied that records of the welfare check existed (REV-2025-0858528, 'Not Held') while Queensland Health RTI release JIAU25/13749 has produced the actual referral correspondence from an [REDACTED]@police.nsw.gov.au domain. Definition of records sought □ read all paragraphs together In this application, 'records' includes (without limitation) emails, email attachments, draft documents, file notes, COPS entries, ViewIMS entries, system access logs, electronic diary entries, calendar entries, internal memoranda, briefing notes, talking points, and any document in any format created or held by NSW Police Force or its staff. I have previously been refused access on the ground that email is not 'records' □ I expressly include emails and all electronic communications in the scope of every paragraph below. In this application, references to 'the applicant' or 'Anthony Smith' include all of the following name variants under which I have been identified in NSW Police records: 'Anthony Smith', 'Tony Smith', 'A Smith', 'Anthony Lawrence Smith', and the email addresses, [REDACTED], [REDACTED] and [REDACTED]. Searches conducted under this application must include all of these name variants and email addresses, including under name variants used in officer correspondence (such as 'Tony Smith') even if not used in formal COPS entries. I am seeking access to the following categories of information held by NSW Police Force: Any report, briefing note, memo, email or written communication prepared by Officer 'Brendan' (Kings Cross Proactive Crime Team), addressed or provided to Inspector Atkins, Detective Chief Inspector David Badawi, or any other officer at Kings Cross Police Area Command, in the period March 2025 to 31 July 2025. concerning Anthony Smith (CNI [REDACTED]) concerning

reference CASE20237645, charge H81615839, or any complaint by me to a federal state Member of Parliament. Any document prepared by Inspector Atkins, Commander El-Badawi, or any other officer for the purpose of responding to a ministerial representation from the office of Federal MP Tanya Plibersek concerning Anthony Smith, including the document released at page 103 of GIPAA-2025-0925657 ('Annexures to Report - Advice re Plibersek correspondence') in unredacted form full name, badge number, rank and unit of the officer named 'Brendan' in the Kings Cross Proactive Crime Team who authored the email correspondence to Queensland Health Redcliffe-Caboolture Crisis Assessment and Treatment Community MHS 25 June 2025 and 27 June 2025, identified by the office telephone extension 40027 (02 8359 0027) and the Kings Cross PAC location 1-15 Elizabeth Bay Road, Elizabeth Bay 2011. Any supervisor approval records, authorisation records, or written instructions relating to the 26 June 2025 referral to Queensland Health, and any records identifying the source of the clinical information included in that referral (including the alleged triple zero call, the alleged 2021 mental health admission, and the alleged 'various DV offences'). All COPS system access logs showing searches conducted on the name Anthony Smith, Tony Smith, A Smith, CNI [REDACTED] or address [REDACTED] Street [REDACTED] QLD, by any officer at Kings Cross Police Command in the period 22 to 28 June 2025, including the officer username, date time of access, and records viewed. This window captures the days immediately preceding the 25 June 2025 phone call referral to Queensland Health and the days during which follow-up correspondence took place. All email correspondence sent received by Kings Cross Proactive Crime Team officers to or from any Queensland Health agency, Queensland Police Service unit, or any Queensland government agency in the period 23 to 28 June 2025 concerning the applicant. I note Queensland Health RTI JIAU25/13749 has already produced the following correspondence from your domain which must be located within your records: (a) the email from Officer 'Brendan' (extension 40027) to Queensland Health MHCALL RedCab (MHCALLRedCab@health.qld.gov.au) sent at approximately 10:53 AM on Wednesday 25 June 2025 with the subject 'YOUR PHONE CALL REFERRAL THIS MORNING [SEC=OFFICIAL]' - the subject line establishes that an earlier phone call referral was made the same morning, and I am separately seeking the record of that phone call; the follow-up email from Officer 'Brendan' to Queensland Health MHCALL RedCab sent at 10:02 AM on Friday 27 June 2025 with the subject 'FW: YOUR PHONE CALL REFERRAL THIS MORNING [SEC=OFFICIAL]', which contains the admission 'I need to respond to' the federal ministerial complaints; (c) the inbound email from

Queensland Police Service Mental Health Coordinator

(mentalhealth.coordmoreton@police.qld.gov.au) or Queensland Health ([REDACTED]) replying to the NSW Police referral including the Queensland Police feedback document referenced as 'Anthony Smith NSW police referral.pdf' attached to QPS-QH correspondence dated 27 June 2025. I am also seeking any further inbound communications received by NSW Police from Queensland agencies in response to Officer Brendan's referral. Records of the initial telephone call referral made by Officer 'Brendan' (extension 40027, Kings Cross Area Command) to Queensland Health on the morning of 25 June 2025 are referred to in the subject line of subsequent email correspondence as 'YOUR PHONE CALL REFERRAL THIS MORNING'. This includes any: (a) NSW Police outbound call log or extension call register for extension 40027 on 25 June 2025; (b) officer notebook entries by Officer Brendan recording the call and its content; (c) any internal memorandum or file note created at Kings Cross PAC documenting the decision to make the call and the information conveyed during the call; (d) any record of approval or supervisor consultation prior to the call being placed. All six categories relate to a single chain of events between approximately April and July 2025: ministerial complaints reached Kings Cross PAC; a briefing was prepared internally; Officer Brendan contacted Queensland Health within hours of the ministerial referral arriving; Officer Brendan's own follow-up email of 27 June 2025 admitted the referral was to 'respond to' the ministerial complaints. These events form one continuous course of conduct by the same unit (Kings Cross Proactive Crime Team) responding to the trigger (ministerial complaint) over the same period. I draw attention to the fact that the earlier application for these records was refused on the ground that the agency did not hold them (GIPAA-2025-0834658, original decision; REV-2025-0858528, internal review). Queensland Health RTI release JIAU25/13749 has since produced the email referral from an @police.nsw.gov.au domain, demonstrating that records do exist within the agency. The previous searches were limited to COPS and CAD of the Sydney City area, for a 48-hour window. They did not include officer email and outgoing correspondence to Queensland agencies, or searches under the name 'Smith' (as used in the referral itself). I request that the searches conducted under this application include those channels.

Access to Information: A copy of document/s

Proof Of Identity Added: Yes

Payment Reference Number: PAY-2026-1077028-1

Consultation

The GIPA Act requires an agency to consult with third parties when considering the potential release of other person(s) information (pursuant to Section 54 of the GIPA Act).

Where consultation with a third party is required, the time to respond to your application will be extended by 10 working days.

Yes

Privacy Statement

The NSW Police Force (NSWPF) is subject to the Privacy and Personal Information Protection Act 1998 and the Health Records and Information Privacy Act 2002 which require the NSWPF to comply with Information Protection and Health Privacy Principles.

Your personal and/or health information is being collected to process your application for access to information under Division 1 of Part 4 of the Government Information (Public Access) Act 2009. The supply of your personal and/or health information is voluntary, however the NSWPF may not be able to process your application if you do not provide it. Your personal and/or health information will be used within the NSWPF for the purposes of processing your application.

The NSWPF will not disclose your personal and/or health information without your consent, unless authorised or required to by law.

Your personal and/or health information will be held by the NSWPF at 1 Charles Street, Parramatta NSW 2150, which is where all applications are processed. You have the right to access and correct your personal and/or health information.

Please read the NSWPF's [Privacy Management Plan](#) for further information.

I have read and acknowledge the privacy statement

Disclosure Log

If the information you have requested is non-personal, released to you and would

of interest to other members of the public, details about your application may be recorded in the NSW Police Force Disclosure Log. This is published on the [NSW Police's website](#).

Note: You will be contacted and given a further chance to object before information is placed on the Disclosure Log.

I have read and acknowledge the disclosure log information.

Please note: the above is only a record of the details you have submitted to the NSW South Wales Police Force (NSWPF) and does not constitute validation of your application. You will receive further communication from the NSWPF within the next 5 business days.
