Dear Mr Smith

RE: YOUR COMPLAINT ABOUT THE NSW POLICE FORCE (the Police)

Thank you for your correspondence dated 2 September 2026, in which you provided additional information to your complaint, referenced CASE20269657.

Assessment of your complaint

We wrote to you on 28 August 2026 advising you of our assessment outcome. We referred your complaint to police at the time.

You have contacted us now regarding how the Police handled your complaint.

Review of police handling

We have carefully considered the issues raised in your complaint and reviewed all materials from the Police.

We are satisfied with how police have dealt with your complaint. We will not be taking any further action. We will not be exercising LECC's function under s99(3) or monitoring Police handling under s101 of the *Law Enforcement Conduct Commission Act 2016*.

We understand that this outcome may not be what you expected or wanted.

As per your request, I can confirm that on 20 September 2024 you were advised by LECC that if you continued to write to us regarding CASE20237645 with information that did not raise significant new information that would require further action by the Commission, your correspondence would be filed without a response, and we would consider placing restrictions on your contact.

From this point, any other additional information you wish to provide or any requests regarding clarifying information about the Police's decision, should be emailed directly to the Police.

Yours sincerely

LECC Assessments Team
